experience

Dev Bootcamp San Francisco, CA 2013
Student: Completed nine week program covering web development from backend to frontend. In addition to coding, emphasis was placed on pair programming, MVC design, version control, APIs, and TDD. Demonstrated the ability to learn new skills and technologies very quickly.

FuseTV New York, NY 2013
AfterEffects Artist/Graphic Designer: Utilized After Effects and Photoshop to prepare graphics for Fuse News.

Aol. New York, NY 2012-2013
AfterEffects Artist/Editor: Edited sizzle reels for NewFronts event. Designed and animated logo transitions.

Parkwood Entertainment New York, NY 2013
AfterEffects Artist: Created text graphics and overlays for Beyoncé's movie and the Mrs. Carter tour sizzle reels.

ArchetypeMe New York, NY 2012-2013
AfterEffects Artist/Graphic Designer: Created 'how to' video to explain use of website and animated show open for web series, "Archetypes".

Eyepatch New York, NY 2010-2012
AfterEffects Artist/Graphic Designer: Animated sizzle reels for Ogilvy & Mather; clients included Motorola, Gap and Time Warner Cable.

Lair New York, NY 2010-2011
AfterEffects Artist/2D Compositor: Worked on numerous commercials; animated transitions and text, composited 3D and live action elements and worked directly with client; performed light logo and print design.

Clambake Animation Watertown, MA 2007-2009
Video Editor / Visual Effects: Edited and assembled Adult Swim's animated series "Assy McGee" through all stages of production (using Flash, After Effects, and Final Cut Pro); integrated artistic vision and technical skills to create compelling effects and graphics; prepared episodes for mastering to tape; also performed these duties for animations for WGBH's "Between the Lions" and "Electric Company" and for shows in development.

hackathons

Dev Bootcamp Holiday Hackathon: Winner - Most Creative
In 24 hours, five Dev Bootcamp alumni who don't know anything about the THREE.js library, make: 'face-off' | salarkhan.com/face-off
